Shosuro Tajiki's Daisho

Shosuro Tajiki has rewarded your valiant but unsuccessful efforts to clear his name by giving you his daisho set. It is a pair of fine-quality blades, sheathed in saya of lacquered red. The hilts are wrapped in interweaving patterns of red and black, and display the Shosuro family mon.

- These are both Fine quality weapons. The katana does 3k2 damage, and the wakizashi awards +1 rank in the Kenjutsu skill.
- The hilt of the katana contains a hidden compartment, allowing the concealment of a small object (a knife, small bottle, scroll, etc).
- Due to Tajiki's determination to defeat the Kolat, the spirits in both weapons have been very slightly awoken. They do not count as magical weapons, but when facing an opponent who belongs to the Kolat, they both gain an extra unkept damage die.
