

Bayushi Yojiro, the “Honest Scorpion”, Envoy of Bayushi Dairu

Glory 6.5

Personality: Calm, Observant, Loyal, Clear-Headed

Motivations: Serve the Scorpion Clan, Preserve his own Honor, Defeat the Shadow.

Notable Advantages/Disadvantages: Benten’s Blessing, Read Lips, Voice

What You Know: Your Clan has been victimized for centuries by an evil without a name, a force of darkness and deception. It infiltrated the Shosuro family and spread from there into the rest of the Clan, ultimately corrupting and replacing the lady Bayushi Kachiko herself. Now, with her disappearance, lord Bayushi Dairu finds himself besieged in Kyuden Bayushi by corrupted members of his own. You and a few hundred others have slipped out to warn the rest of the Clans about this evil before it is too late.

Goals: You must warn the rest of the Empire about the threat from the Shadow. This evil was allowed to fester and grow within the Scorpion Clan for centuries, kept hidden because of the powers and gifts which it granted. Now it is time to be open, to confess that the Scorpion themselves were deceived, and join with the other Clans to defeat this evil. Unfortunately, the Scorpion know little of the true nature of this threat which concealed itself within their ranks. It appears to draw power from darkness, and to weaken in the presence of strong light. It also seems to be allied in some way with the power of Fu Leng.
