

Shinjo Shono, Eldest Son of Shinjo Yokatsu

Glory 7.0

Personality: Dutiful, Uncertain, Brave, Honorable, Intelligent.

Motivations: Redeem the Shinjo family, serve the Lady Shinjo.

What You Know: The lady Shinjo herself has sent you here to lead the Unicorn Clan's contribution to the battle for Otsan Uchi. Although the bulk of the Unicorn Clan's strength, including the Lady herself, are facing the Dark Moto on White Shore Plain, this duty is no less important, for the fate of the very Empire itself may be decided here. You are deeply honored by her trust.

The Lady Shinjo has told you that the evil which holds Otsan Uchi is of both Fu Leng and another, subtler evil – the force which your Clan knows as the Lying Darkness, and which held Shinjo herself prisoner for centuries. Toturi the Black and Hida Kisada have aligned themselves with these two terrible evils. But all is not lost: the Lady told you that there are samurai here who know the way to defeat the Lying Darkness.

Goals: Some way must be found to defeat both the corrupted Toturi and Kisada, and the Lying Darkness itself, or else the Darkness will simply inherit a ruined Empire. You must find the samurai who know how to end the Darkness' threat, and ensure that they succeed. All will be for naught otherwise.
