**A Spell Scroll: Energy
Reversal**

You have been given the scroll to a rare Water spell. The spell functions as follows:

Mastery Level: 4

Duration: 5 rounds plus your Water in rounds

Area of Effect: Caster and target

Range: Caster's sight

This spell enables the caster to swap his rank in a Trait with the target's rank in the same Trait, for the duration of the spell. An unwilling target can resist by rolling Simple Willpower at a TN of (5 x caster's Water).

The caster can take Raises to increase the duration (5 rounds per Raise) or to increase the difficulty of the target's Willpower roll (increasing it by 5 per Raise).
