Curse of the Lady of the Forest

Your character has been cursed by the Lady of the Forest, the mightiest Kitsune spirit in the world. As a result, you suffer the following ill effects:

- All forest spirits are now implacably hostile to you, and will exert spiritual influence against you whenever possible. As a result, any time you are in a forest or other wilderness environment, you suffer a +10 TN penalty to all Perception and Awareness rolls (including initiative rolls).
- If you are a shugenja, any time you cast Earth or Water magic you suffer a TN penalty equal to 3 x (your Insight rank).
- You are considered to have Benten's Curse at all times, as an aura of misery and failure hangs around you.
- This curse can only be lifted by a major Kami or a Fortune.
