An Agent of Yasuki Taka

Yasuki Taka has offered you a chance to free yourself of the control of the Kolat by joining his private crusade against that evil conspiracy. This has the following game effects:

- You no longer lose 1 point of Honor for each adventure you play.
- You are still considered to have the disadvantage Dark Secret: Kolat. However, you no longer suffer any ill effects from this, even if the Kolat conspiracy is exposed.
- Once per adventure, if you can make contact with a Yasuki merchant, you can gain a piece of useful information you could not otherwise find (at the discretion of the GM).
- You are no longer required to obey any orders from the Kolat.
- If Yasuki Taka demands any sort of favor or task from you, no matter how vile or dishonorable, you must obey to the very best of your ability.
