Bayushi Nishari

You have gained the attentions of Bayushi Nishari, a spirit from the Realm of Lost Heroes. Nishari seeks redemption by teaching the true nature of Bushido to others, hoping thereby to learn it for herself.

Anyone who can sense spirits, ghosts, or ancestors will be able to tell that a spirit is accompanying you.

Any time you confront a situation in which Honor or the Code of Bushido comes into play, you will hear Nishari's voice in your head, advising you to choose the difficult path of Honor rather than the easier path of dishonor.

The guidance of Nishari allows you to roll (but not keep) one extra die when making an Honor Roll, and to roll and keep one extra die when making a Test of Honor. However, if you ever lose Honor for any reason (including failing an Honor Roll or Test of Honor), Nishari's searing disappointment causes your Honor loss to be **doubled**.
